

Sunday February 11 2024

First Service

MINISTER: PST EMEKA

TOPIC: Faith For Finances

All the prophesy of the last days have been fulfilled the only one remaining is for the gospel to reach the ends of the earth, the end will not come until the is fulfilled, this is the time for apostles in the market place to take the gospel out into the places some pastors cant reach, if we don't do that we are playing the coming of christ, so you need to

be successful most people will not listen unless you are successful, wisdom is justified by result, and in the last days if we must command the gospel the church must be wealthy, the hardship in the society now is a good advantage for a church that is economically empowered, that is what attracts people to the kingdom, the reason why God is interested in financing the church because the time is short, the devil has power but what the devil does not have is good work, without good work the world cant be conquered and good works

requires money, anytime you make a vow God ensures that he does it for you but he will first allow adversaries he does that to see if you make him priority, God does not make you wealthy for you to chase clout or do big boy but so that all nations can come to him for winning nations for him, You need money, God has the money but he's looking for faithful labourers, he trains you and show you things before he pumps money to your life because money has power

1. You must build a good mental capacity (Mindset), there has to be

a change in your mind set for your own good, your desire is what determines what is directed towards you so what you get is what you desire, everybody has financial anointing, everyone has the capacity to be wealthy, there are people will only join you when you're successful

2. You must crucify the god called mammon, when you grow in the kingdom you give so that the glory of God covered the earth as the water covers the sea, that should be your motivation. The way you crucify mammon is by :

1. By learning and practicing giving
2. Sacrifice
3. You must learn Kingdom partnership
