## Notes

The reason why we are saved the process of salvation is because God desires or wants to raise up people he can call sons. So by the reason of Christ's coming and dying for us we have become adopted and we share the inheritance of being begotten sons, just like Jesus Christ. Inheritances are given to Sons not children. We as children of God are entitled to the benefits of the new covenant. There are inheritances you will not enjoy until you become a son. God's ultimate Son(Jesus Christ) was sent to be an example to us. To show us what we can experience. Our inheritance have already been given but until we grow into maturity we will not enjoy our inheritance in him.

IN A NUTSHELL;

- (ROM 8:29.) God's intention is for us to conform to the Image of his Son Jesus Christ, with Jesus Christ being the first born.
- We are partakers of God's inheritance. (GAL 4:1 .) There are certain things you are not entitled to for instance, abundance. Until we prove we are faithful in little things. We will not experience abundance. Until we have proved that we are no longer children but have mature to become sons and daughters, we will still only be entitled to benefits, not our inheritance.

The issue now is that most of us have chosen to remain children in the faith. Matt 8:25 , we as children are not entitled crumbs but we have reduced ourselves to taking crumbs.

These are some of our inheritance as Sons of God;

- Freedom from sin; victory over sin. This is the inheritance of Sons. Children in the faith enjoy forgiveness of sins, meanwhile forgiveness is just a benefit of our salvation. If you are still falling in and out sin you (1 Cor , Rom 6:6), are still slaves to sin. It is this revelation that we are above sin that helps us to live a life of freedom over sin.
- Divine health not divine healing. Divine health is Gods plan for all his sons. 3rd (Jn 1:2.) . Infirmities cannot survive in our bodies. It comes from the revelation of the fact that, divine health comprises both the spiritual and divine laws. As we go into sonship there certain things we should not take, if you are still taking those things and doing those things children do you are still not mature. So even in divine health , we have to respect both the physical laws as well as the spiritual laws.

- Dominion over demons ; we have authority over demons. God's final plan for us is not for people to lay hands upon. It is for us to have dominion over demons .A son understands these things. Mark 16:17-18.People love deliverance so much but it is for babes and children. A true son who is mature has authority over demons . Lk 10;19.
- Divine Intelligence. Sons are the ones that are being led by the spirit. Sons speak the language that "I am led to" . Sons are being led by the spirit. God has given us a divine intelligence that anything we do, we are being led by the spirit, to hear from God. Some us are like the first son in the proverb of the prodigal son ,who did not know his inheritance. Inheritance has being given to us the reason why we are still not experiencing our inheritance is that we have not identified our inheritance. This is the problem. True Sons know their inheritance and as sons of God we should be able take our inheritance and use them.

COMING TO CHURCH EVERY SUNDAY WILL NOT PERMIT YOU ENJOYING YOUR INHERITANCE. COMING TO CHURCH WITHOUT BUILDING YOUR FAITH LIFE. TAKES YOU NO WHERE. Nowadays We eat children bread, instead of strong meat. Bread is not balanced diet , children's bread is not balanced diet. We should eat strong meat. . It is time for you to grow , grow in maturity. Grow your faith, grow your spiritual life. The truth is that as long as you remain a child you are no different from a slave. Until you mature in faith , God would not bless you in certain things. Hebrews 5:11-14 ...but solid food.... By reason of use.... .

This is how we grow. By exercising your faith, by trusting God's word and exercising it We build faith. It is not by going to church . We come to church to obtain direction and guidelines. We are meant to be teachers. Even though Christianity is a walk precept upon precept, but we'll shouldn't take one step forward and three steps backward.

- Training your self to eat solid food . All things that pertain to Godliness, all things . It is only when you know that these things are entitled to you , that you can obtain them by faith.
- Pray now that God should help you to live a life he wants you to live, to live above sin , if you're struggling ask him for forgiveness. Ask him to move you to a new dimension in faith.
